Location Details

The Medical Centre is based in purpose built state of the art premises and easily accessible for all our patients. Equipment is readily available to support patients with any specific needs.

Chapelthorpe Medical Centre is a General Practice Partnership open to all patients living within our practice boundary within Kettlethorpe and surrounding villages. We work in partnership with our patients and our Patient Forum to provide medical care for our patients.

Chapelthorpe Medical Centre

We are a Personal Medical Services (PMS) practice offering Primary Care Services for the diagnosis and prevention of disease. We help patients to manage their health and prevent illness. Our GPs assess, diagnose, treat and manage illness. They carry out screening for some diseases and promote general health and wellbeing. Our GPs act as a patient's advocate, supporting and representing a patient's best interests to ensure they receive the best and most appropriate health and/or social care.

Our GPs also provide the link to further health services and work closely with other healthcare colleagues. They may also arrange hospital admissions and referrals to other services and specialists and they link with secondary and community services about patient care, taking advice and sharing information where needed. They also collect and record important information from other healthcare professionals involved in the treatment of our patients.

All staff are competently trained and hold the relevant qualifications for their post. For example relevant medical and nursing qualifications

Training is provided to all staff and this is agreed annually through appraisal. Mandatory training is also provided every for specific areas such as Fire Awareness, Information Governance and Life Support.

Our Mission, Culture, Values and Objectives:

Our Mission

'The doctors, nurses and all the staff at Chapelthorpe Medical Centre endeavour to provide a full family based integrated service to our patients.

Our success is built upon a commitment of quality through a positive team, giving a proactive and flexible approach to provide our patients with a high quality service'.

Our Culture

'Embrace change for the benefit of safe and effective patient healthcare in an open and transparent manner within a learning environment'.

Our Values

- We recognise our staff as our greatest asset
- To uphold the integrity of the National Health Service and its values
- To mutually respect all as individuals regardless of age, race, colour, nationality, ethnic origin, creed, disability, sexual orientation, gender, marital or parental status, political belief or social or economic class, or any other criteria that cannot be shown to be properly justifiable
- To be a caring and supportive Medical Centre which ensures fairness and equality of opportunity in all our actions
- To maintain and promote a welcoming and positive approach in our attitude and outlook to all

Chapelthorpe Medical Centre

- To work as cohesive teams to support each other
- To enable all staff to contribute to the life and work of the Medical Centre
- To develop our staff for the benefit of the Centre and themselves
- To ensure our premises and any equipment remain compliant with national and local guidelines and that our staff will be qualified and trained to carry out their duties as per their job description

Our Objectives

- Provide a high standard of medical care to the people of Kettlethorpe and its surrounding villages.
- Prevent disease by promoting healthy living within the community
- Act with integrity and confidentiality at all times
- Be professional but friendly and accommodating
- Monitor and work towards improving our services
- To understand the needs of our patients and place them at the centre of their care
- Ensure all patients and staff are treated with dignity respect and honesty
- Provide a safe and effective environment
- To maintain and motivate an appropriately skilled team
- Maintain quality through continuous learning and training
- To work in partnership with other agencies to tackle the causes of, as well as provide the treatment for ill health and where appropriate involve other professionals in the care of our patients.
- To encourage our patients to communicate with us by joining our Patient Forum, talking to us, participating in surveys, and feeding back and on the services that we offer
- Have a zero tolerance of all forms of abuse.
- To provide our patients and staff with an environment which is safe and friendly
- To operate on a financially sound basis
